INVITATION LETTER

SUBJECT: IMPLEMENTATION OF 3 X 50 MW (AC) AND 1X 20 MW (AC) GRID CONNECTED SOLAR POWER PROJECTS

Dear Bidders

Renewable Energy Authority of Libya (REAOL) is pleased to invite you and other companies to submit prequalification proposals for Design, Supply, Installation, Testing and Commissioning of Four (4) grid connected Solar Photovoltaic Power Plants in Libya as following:

- 1- Jadu Site: 50 MW PV plant
- 2- Zletin Site: 50 MW PV Plant
- 3- Bani Walid: 50 MW PV plant
- 4- Tawergha Site: 20 MW PV plant

The projects will be Government of Libya owned and financed and will be implemented by competitively procured Engineering Procurement Construction Companies (EPC) , overseen by REAoL, with international agency and engineering consultancy support.

Bidders are requested to submit their intention to bid before submitting the prequalification forms. However, for the EPC contracts the procurement process is divided into two stages:

- 1- **EPC Prequalification** An open process whereby appropriately experienced and capable EPC companies are invited to submit applications for prequalification. REAoL will assess applications and develop a shortlist of prequalified companies and joint ventures.
- 2- **EPC closed tendering** A Request for Proposals will be sent, to the prequalified companies and joint ventures only.

Interested EPC companies and joint ventures are invited to download the project information and templates and submit their applications to REAoL by 1800 hours **10 December 2021**. Contents of the RFQ& RFP shall be deemed part of the Contract between REAoL and the successful Bidder.

We would appreciate your participation and look forward to a timely and a competitive response.

Sincerely,

Dr. Hamid H. Sherwali
Chairman
Renewable Energy Authority of Libya.
